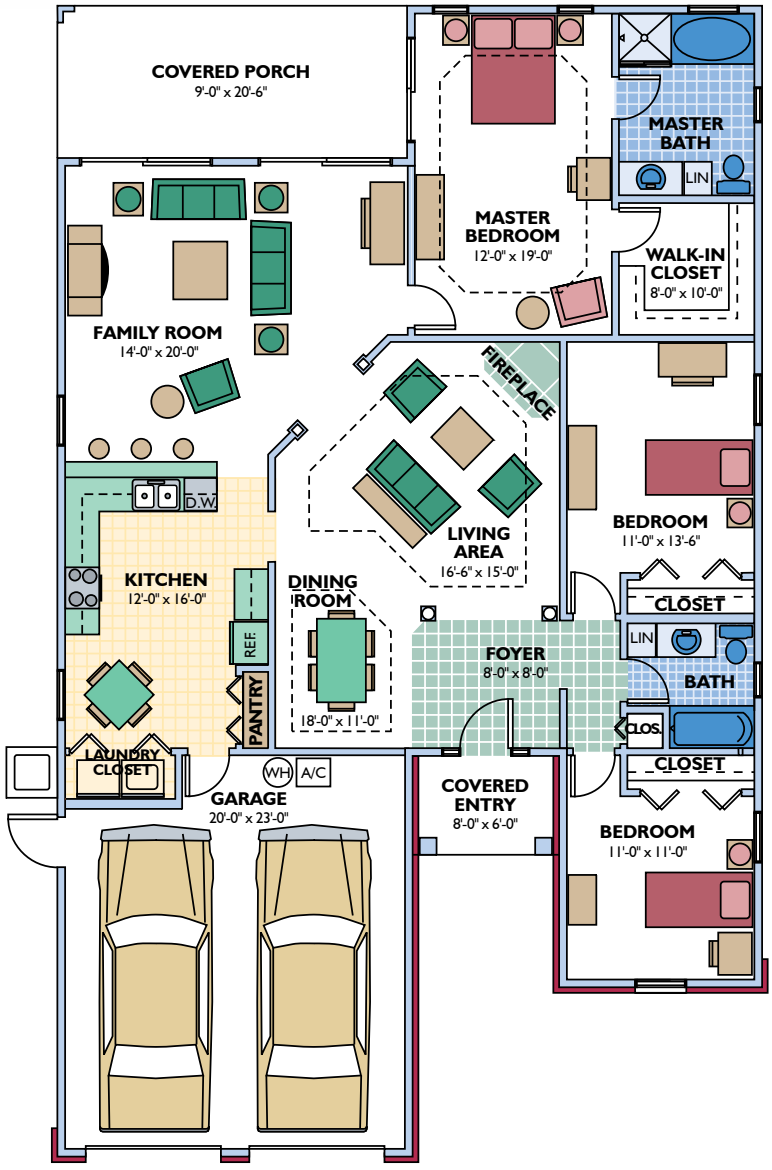
Ashland



3 Bedroom, 2 Bath, 2 Car Garage

OVERALL DIMENSIONS
41'-8" x 64'-0"

TOTAL LIVING AREA
1,825 sq.ft.

The garage and bedroom extend from the front of this three bedroom home, drawing you visually into the entryway. Brick and stucco are used to further enhance these different depths. Arched openings and columns add an artistic and classical flair. This same attention to detail is seen on the inside of the home. Columns create a sense of elegance, while tray ceilings add definition and character.
